Directors' declaration	22
Independent audit report	23

Perpetual Trust Services Limited [PTSL] (ABN 48 000 142 049) is the responsible entity (the "Responsible Entity") of Firstmac High Livez (ARSN 147 322 923) (the "Fund"). The directors of the Responsible Entity (the "Directors") present their report together with the financial statements of the Fund for the year ended 30 June 2020.

Principal Activities

The Fund is a registered managed investment scheme domiciled in Australia.

The Fund seeks to achieve its investment objective by investing in fixed income securities. These fixed income securities are predominantly comprised of investment grade medium term asset-backed securities supplemented by highly rated short term money market securities.

The Fund was constituted on 10 November 2010 and commenced operations on 29 March 2011.

The Fund did not have any employees during the year.

There have been no significant changes in the Fund's activities during the year.

Directors

The Directors of the Responsible Entity during the year and up to the date of this report are shown below. The Directors were in office for the entire year except where stated otherwise:

Glenn Foster	
Michael Vainauskas	Resigned as Director on 27 September 2019
Andrew McIver	Resigned as Alternate Director for Michael Vainauskas on 2 September 2019 Appointed as Alternate Director for Glenn Foster on 2 September 2019 Resigned as Alternate Director for Glenn Foster on 27 September 2019
Vicki Riggio	
Phillip Blackmore	Alternate Director for Vicki Riggio
Richard McCarthy	
Simone Mosse	Appointed as Director on 27 September 2019

Review and results of operations

The Fund continued to invest funds in accordance with target asset allocations as set out in the governing documents of the Fund and in accordance with the provisions of the Product Disclosure Statement ("PDS") and the Fund Constitution.

Redemptions totalling \$34.2m and comprising 53% of the beginning net asset value of the Fund were made during the year. The Fund continues to operate as a going concern after these redemptions. The performance of the Fund, as represented by the results of its operations, was as follows:

	Year Ended 30 June 2020	Year Ended 30 June 2019
	\$	\$
Operating profit before financing costs attributable to unitholders	1,622,456	2,636,238
Distribution paid and payable	2,497,232	2,743,437
Distribution (cents per unit)	0.0362	0.0473

The distribution (cents per unit) has been presented as actual distribution for the years 2020 and 2019.

Significant changes in state of affairs

During March 2020 and April 2020, the Fund received withdrawal requests from unitholders which represented more than 10% of the total number of units on issue by the Fund. As a result, the Responsible Entity reduced all withdrawal requests received during these months on a pro-rata basis so that the total number of units to be redeemed did not exceed 10% of the number of units on issue by the Fund in accordance with the Constitution and Product Disclosure Statement of the Fund.

The Directors continue to assess the potential financial and other impacts of the coronavirus (COVID-19) outbreak to the Fund. The current high-level of uncertainty regarding the severity and length of COVID-19 on investment markets has impacted investment outcomes and increased volatility in investment performance during the year.

At the date of signing, the future impacts of COVID-19 on global and domestic economies and investment market indices, and their resulting impact on the Fund are uncertain. The Directors and management will continue to monitor this situation.

In the opinion of the Directors, there were no other significant changes in the state of affairs of the Fund that occurred during the year.

Matters subsequent to the end of the financial year

No matters or circumstances have arisen since 30 June 2020 that have significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial years, or
- (ii) the results of those operations in future financial years, or
- (iii) the state of affairs of the Fund in future financial years.

Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Fund and in accordance with the provisions of the PDS and the Fund's Constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of investment markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Indemnity and insurance of officers

No insurance premiums are paid for out of the assets of the Fund in regards to the insurance cover provided to either the officers of the Responsible Entity or the auditors of the Fund. So long as the officers of the Responsible Entity act in accordance with the Fund's Constitution and the *Corporations Act 2001*, the officers remain indemnified out of the assets of the Fund against losses incurred while acting on behalf of the Fund.

Indemnity of the auditors

The auditor of the Fund are not indemnified out of the assets of the Fund.

Fees paid to and interests held in the Fund by the Responsible Entity or its associates

Fees paid to the Responsible Entity and its associates out of Fund property during the year are disclosed in the Statement of Profit or Loss and Other Comprehensive Income and are detailed in Note 13 to the Financial Statements.

The Responsible Entity and its associates held no interests in the Fund at the end of, or during, the financial year.

No fees were paid out of Fund property to the Directors of the Responsible Entity during the year.

Interests in the Fund

The movements in units on issue in the Fund during the year and number of interests in the Fund at the end of the year are disclosed in Note 10 to the financial statements.

The value of the Fund's assets and liabilities is disclosed in the Statement of Financial Position and derived using the basis set out in Note 2 to the financial statements.

Environmental regulation

The operations of the Fund are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

Rounding of amounts

The Fund is an entity of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 issued by the Australian Securities and Investments Commission (ASIC) relating to the "rounding off" of amounts in the Directors' report. Amounts in the Directors' report have been rounded to the nearest dollar in accordance with that ASIC Corporations Instrument, unless otherwise indicated.

Auditor's Independence Declaration

A copy of the Auditor's Independence Declaration as required under Section 307C of the *Corporations Act 2001* is set out on page 5.

This report is made in accordance with a resolution of the Directors of Perpetual Trust Services Limited.

The statement of cash flows is to be read in conjunction with the notes to the financial statements set out on pages 10 to 21.

1. General Information

These financial statements cover Firstmac High Livez (the "Fund") as an individual entity. The Fund is a for-profit entity.

The Responsible Entity of the Fund is Perpetual Trust Services Limited (the "Responsible Entity"). The Responsible Entity's registered office is Level 18, 123 Pitt Street, Sydney NSW 2000. The Responsible Entity is incorporated and domiciled in Australia.

The Investment Manager and accountant of the Fund is Firstmac Limited.

The Custodian of the Fund is Perpetual Corporate Trust Limited.

The Fund aims to provide stable monthly income returns from a diversified portfolio of asset-backed securities and short term money market securities.

The financial statements were authorised for issue by the directors on 23 September 2020. The directors of the Responsible Entity have the power to amend the financial statements after they have been issued.

2. Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below.

(a) Basis of preparation

This general purpose financial report has been prepared in accordance with the International Financial Reporting Standards ('IFRS'), other authoritative pronouncements of the Australian Accounting Standards Board, Australian Accounting Interpretations and the *Corporations Act 2001* in Australia.

The financial report is prepared on the basis of fair value measurement of assets and liabilities except where otherwise stated.

The statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and are not distinguished between current and non-current. All balances are expected to be recovered or settled within twelve months, except for investments in financial assets and net assets attributable to unitholders. The amount expected to be recovered or settled within twelve months after the end of each year cannot be reliably determined.

The financial statements are presented in Australian dollars.

(i) New and amended standards adopted by the Fund

There are no standards, interpretations or amendments to existing standards that are effective for the first time for the financial year beginning 1 July 2019 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods.

(b) Financial instruments

The financial statements are prepared in accordance with the historical cost convention, except for bond assets which are carried at fair value.

(i) Classification

The Fund's investments are classified as at fair value through profit or loss.

Financial instruments at fair value through profit or loss upon initial recognition.

These include financial assets that are not held for trading purposes and which may be sold such as commercial paper.

Financial assets at fair value through profit or losses at inception are those that are managed and their performance evaluated on a fair value basis in accordance with the Fund's documented strategy.

(ii) Recognition/derecognition

The Fund recognises financial assets and financial liabilities on the date it becomes party to the contractual agreement (trade date) and recognises changes in fair value of the financial assets or financial liabilities from this date.

2. Summary of significant accounting policies (continued)

(b) Financial instruments (continued)

Investments are derecognised when the right to receive cash flows from the investments have expired or the Fund has transferred substantially all risks and rewards of ownership.

(iii) Measurement

Financial assets and liabilities are measured at fair value through profit or loss.

The fair value of financial assets and liabilities traded in active markets is subsequently based on their quoted market prices at the end of the year without any deduction for estimated future selling costs. The quoted market price used for financial assets is the current bid price and the quoted market price for financial liabilities is the current asking price.

(iv) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the asset and settle the liability simultaneously.

(c) Net assets attributable to unitholders

Units are redeemable at the unitholders' option and are classified as equity. The units can be put back to the Fund at any time for cash based on the redemption price. The fair value of redeemable units is measured at the redemption amount that is payable (based on the redemption unit price) at the end of year if unitholders exercised their right to redeem units in the Fund.

(d) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits held at call with financial institutions, other short term, highly liquid investments with original maturities of three months or less from the date of acquisition that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

Payments and receipts relating to the purchase and the sale of investment securities are classified as cash flows from operating activities, as movements in the fair value of these securities represent the Fund's main income generating activity.

(e) Receivables

Receivables include amounts for interest and GST refund. These are accrued when the right to receive payments is established. Interest is accrued at the end of each year from the time of last payment. Amounts are generally received within 30 days of being recorded as receivables.

(f) Payables

These amounts represent liabilities for amounts owed by the Fund at balance date which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. The distribution amount payable to unitholders as at the end of each year is recognised separately in the Statement of Financial Position when unitholders are presently entitled to distributable income as at period end under the Constitution.

(g) Applications and redemptions

Applications received for units in the Fund are recorded net of any entry fees payable prior to the issue of units in the Fund. Redemptions from the Fund are recorded gross of any exit fees payable after the cancellation of units redeemed.

2. Summary of significant accounting policies (continued)

(h) Goods and Services Tax (GST)

The GST incurred on the costs of various services provided to the Fund by third parties such as investment management fees have been passed onto the Fund. There are some changes in GST legislation since 01 July 2012. According to these changes The Fund qualifies for Reduced Input Tax Credits (RITC) at the rate of 55% for managers fees and 75% for rest of all fees; hence investment management fees, and other expenses have been recognised in the statement of profit or loss and other comprehensive income net of the amount of GST recoverable from the Australian Taxation Office (ATO). Accounts payable are inclusive of GST. The net amount of GST recoverable from the ATO is included in receivables in the statement of financial position. Cash flows relating to GST are included in the statement of cash flows on a gross basis.

(i) Investment income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Fund and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(j) Expenses

All expenses, including management fees and operating expenses, are recognised in the statement of profit or loss and other comprehensive income on an accrual basis.

(k) Income tax

The Fund was a "flow-through" entity for Australian income tax purposes and elected into the Attribution Managed Investment Trusts rules from the 2018 income year, such that the determined trust components of the Fund will be taxable in the hands of the beneficiaries (the unitholders) on an attribution basis.

Accordingly, deferred taxes have not been recognised in the financial statements in relation to differences between the carrying amounts of assets and liabilities and their respective tax bases, including taxes on capital gains/losses which could arise in the event of a sale of investments for the amount at which they are stated in the financial statements.

(l) Distributions

In accordance with the Fund Constitution, the Fund distributes income adjusted for amounts determined by the Responsible Entity, to unitholders by cash or reinvestment.

(m) Use of estimates

The Fund makes estimates and assumptions that affect the reported amounts of assets and liabilities within the next financial year. Estimates are continually evaluated and based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

When the fair values of financial assets and financial liabilities recorded in the statement of financial position cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques such as the discounted cash flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions in relation to these factors could affect the reported fair value of financial instruments.

2. Summary of significant accounting policies (continued)

(n) Rounding of amounts

The Fund is an entity of a kind referred to in *ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191* issued by the Australian Securities and Investments Commission (ASIC) relating to the "rounding off" of amounts in the financial statements. Amounts in the financial statements have been rounded to the nearest dollar in accordance with the ASIC Corporations Instrument, unless otherwise indicated.

3. Financial Risk Management

(a) Overview

The Fund's activities expose it to a variety of financial risks. The management of these risks is undertaken by the Fund's Investment Manager who has been appointed by the Responsible Entity (RE) under an Investment Management Agreement to manage the Fund's assets in accordance with the Investment Objective and Strategy.

The Responsible Entity has in place a framework which includes:

- The Investment Manager providing the RE with regular reports on their compliance with the Investment Management Agreement;
- Completion of regular reviews on the Service Provider which may include a review of the investment managers risk management framework to manage the financial risks of the Fund;
- Regular reporting on the liquidity of the Fund in accordance with the Fund's Liquidity Risk Management Statement.

The Fund's Investment Manager has in place a framework to identify and manage the financial risks in accordance with the investment objective and strategy. This includes an investment due diligence process and on-going monitoring of the investments in the Fund. Specific controls the Investment Manager applies to manage the financial risks are detailed under each risk specified below.

(b) Market Risk

(i) Price risk

The Fund is exposed to fixed income securities. Bond price fluctuations are associated with interest rate risks and default risks for credit securities. Higher interest rates cause bond prices to fall.

(ii) Cash flow and fair value interest rate risk

The Fund is exposed to cash flow interest rate risk on financial instruments with variable interest rates. Financial instruments with fixed rates expose the Fund to fair value interest rate risk.

The Fund has direct exposure to interest rate changes on the valuation and cash flows of its interest bearing assets and liabilities. However, it may also be indirectly affected by the impact on the valuation of certain assets that use interest rate as an input in their valuation model. Therefore, the sensitivity analysis may not fully indicate the total effect on the Fund's net assets attributable to unitholders of future movements in interest rates.

3. Financial Risk Management (continued)

(b) Market Risk (continued)

The Table below summaries the Fund's exposure to interest rate risk.

30 June 2020

	Floating interest rate	Fixed interest rate	Non-interest Bearing	Total
Asset				
Cash and cash equivalents	624,343	11,700,000	-	12,324,343
Receivables	-	-	90,389	90,389
Financial assets at fair value through profit or loss	49,499,619	-	-	49,499,619
Liabilities				
Distribution payable	-	-	(176,285)	(176,285)
Management fees payable	-	-	(19,485)	(19,485)
Other payables	-	-	(8,233)	(8,233)
Net exposure	50,123,962	11,700,000	(113,614)	61,710,348

30 June 2019

	Floating interest rate	Fixed interest rate	Non-interest Bearing	Total
Asset				
Cash and cash equivalents	2,810,460	6,176,957	-	8,987,417
Receivables	-	-	120,601	120,601
Financial assets at fair value through profit or loss	55,869,807	-	-	55,869,807
Liabilities				
Distribution payable	-	-	(228,777)	(228,777)
Management fees payable	-	-	(19,676)	(19,676)
Other payables	-	-	(8,606)	(8,606)
Net exposure	58,680,267	6,176,957	(136,458)	64,720,766

(c) Summarised sensitivity analysis

The following table summarises the sensitivity of the Fund's operating profit and net assets attributable to unitholders to interest rate risk and other price risk. The reasonably possible movements in the risk variable have been determined based on the Investment Manager's best estimate, having regard to a number of factors, including historical levels of changes in interest rates, historical correlation of the Fund's investments with the relevant benchmark and market volatility.

However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market shocks resulting from changes in the performance of and/or correlation between the performance of the economics, markets and securities in which the Fund invests. As a result, historic variation in risk variables should not be used to predict future variation in the risk variables.

		30 June \$	30 June 2019 \$
Price Risk			
Net assets attributable to unitholders	+1%	(617,103)	(1,294,415)
Net assets attributable to unitholders	-1%	617,103	1,294,415
Interest rate risk			
Cash equivalents	+25bps	30,811	67,406
Cash equivalents	-25bps	(30,811)	(67,406)

3. Financial Risk Management (continued)

(d) Credit Risk

The Fund is exposed to credit risk should the counterparty be unable to pay amounts in full when they fall due.

(i) Debt securities

The Fund invests in fixed investment securities which have various Category allocations as disclosed in the PDS. The Category allocations are assigned by the Investment Manager using an approach that is consistent with the approach used by rating agencies. An analysis of debt by rating is set out in the table below.

	30 June 2020	30 June 2019
	\$	\$
Category 1	3,257,218	5,857,982
Category 2	7,204,024	16,291,544
Category 3	39,170,782	32,898,916
	<u>49,632,024</u>	<u>55,048,442</u>

(ii) Cash and cash equivalents

The exposure to credit risk for cash and cash equivalents is low as all counterparties have a minimum rating of Category 1.

(iii) Other

The Fund is not materially exposed to credit risk on other financial assets.

The maximum exposure to credit risk at the end of each year is the carrying amount of the financial assets. None of these are impaired nor past due but not impaired.

(e) Liquidity Risk

Liquidity risk is the risk that the Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

Financial liabilities of the Fund comprise of sundry creditors and accrued expenses which have no contractual maturities but are normally settled within 30 days.

The Fund's PDS provides for monthly redemption of units and it is therefore exposed to liquidity risk of meeting unitholders' redemptions at those times. The Fund maintains a minimum liquidity equal to 10% of total assets of the Fund. Compliance with this is reported to the Responsible Entity on a quarterly basis.

In order to manage the Fund's overall liquidity, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interest of unitholders. As at 30 June 2020 the fund held 18 different RMBS investments managed and serviced by Firstmac Limited. This represents the largest concentration by issuer at 38.3% (30 June 2019: 44.28%) of total fund assets. Each of the individual holdings are bankruptcy remote with stand-alone closed pool of residential mortgage assets.

During March 2020 and April 2020, the Fund received withdrawal requests from unitholders which represented more than 10% of the total number of units on issue by the Fund. As a result, the Responsible Entity reduced all withdrawal requests received during these months on a pro-rata basis so that the total number of units to be redeemed did not exceed 10% of the number of units on issue by the Fund in accordance with the Constitution and Product Disclosure Statement of the Fund.

3. Financial Risk Management (continued)

(e) Liquidity Risk (continued)

To assess the impact of COVID-19 on the liquidity of the Fund, the Responsible Entity conducted frequent and enhanced monitoring of the liquidity of the Fund during the second half of the year.

(f) Fair value estimation

The carrying amounts of the Fund's assets and liabilities at the end of each year approximate their fair values.

Financial assets and liabilities at fair value through profit or loss are measured initially at fair value excluding any transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability. Transaction costs on financial assets and financial liabilities at fair value through profit or loss are expensed immediately. Subsequent to initial recognition, all instruments at fair value through profit or loss are measured at fair value with changes in their value recognised in the statement of profit or loss and other comprehensive income.

(g) Fair value hierarchy

Classification of financial assets and financial liabilities

The Fund classifies fair value measurements using a fair value hierarchy that reflects the subjectivity of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level 1 that are observable for the assets or liabilities, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2);
- Inputs for the assets or liabilities that are not based on observable market data (level 3).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety.

Fair value measurement hierarchy for assets:	Level	30 June 2020 \$	30 June 2019 \$
Financial Assets at fair value through profit or loss	2	49,499,619	55,869,807

4. Net gain/(loss) on financial instruments at fair value through profit or loss

Net unrealised loss on financial assets at fair value through profit or loss	(953,769)	(188,707)
Net realised gain on financial assets at fair value through profit or loss	33,916	49,168

Under AASB 132 Financial instruments: Presentation, puttable financial instruments meet the definition of a financial liability to be classified as equity where certain strict criteria are met. The Scheme classifies a financial instrument as an equity instrument from the date when the instrument has all the features and meets the conditions.

As a result of the AMIT election, on and from 1 July 2017, the Scheme's puttable instruments now meet the definition of a financial liability to be classified as equity, resulting in the reclassification of net assets attributable to unitholders from liabilities to equity and the reclassification of distributions paid from a finance cost in the statement of profit or loss and other comprehensive income to distributions paid in the statement of changes in equity.

10. Net assets attributable to the Unitholders (continued)

Capital risk management

The Fund considers its net assets attributable to unitholders as capital. The amount of net assets attributable to unitholders can change significantly on a monthly basis as the Fund is subject to monthly applications and redemptions at the discretion of unitholders.

Monthly applications and redemptions are reviewed relative to the liquidity of the Fund's underlying assets on a monthly basis by the Responsible Entity. Under the terms of the Fund Constitution, the Responsible Entity has the discretion to reject an application for units and to defer or adjust redemption of units if the exercise of such discretion is in the best interest of unitholders.

11. Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

(a) Reconciliation of profit/(loss) to net cash inflow/(outflow) from operating activities

	30 June 2020	30 June 2019
	\$	\$

There are no outstanding contingent assets, liabilities or commitments as at 30 June 2020 (30 June 2019: nil).

16. Events occurring after the year end

No significant events have occurred since the end of the year which would impact the financial position of the Fund disclosed in the statement of financial position as at 30 June 2020 or on the results and cash flows of the Fund for the year ended on that date.

Directors Declaration

In the opinion of the Directors of Perpetual Trust Services Limited, the Responsible Entity of Firstmac High Livez:

- (a) The financial statements and notes that are set out on pages 10 to 21 are in accordance with the Corporations Act 2001, including,
 - (i) giving a true and fair view of the Fund's financial position as at 30 June 2020 and its performance, for the financial year ended on that date; and
 - (ii) complying with Australian Accounting Standards, the *Corporations Regulations 2001* and other mandatory professional reporting requirements.
- (b) there are reasonable grounds to believe that the Fund will be able to pay its debts as and when they become due and payable.
- (c) Note 2 confirms that the financial statements also complies with International Financial Reporting Standards as issued by the International Accounting Standards Board.

Signed in accordance with a resolution of the directors:

Perpetual Trust Services Limited
Director
23 September 2020
